- 2 tives of the United States of America in Congress assembled,

- 4 This Act may be cited as the "Public Utility Holding
- 5 Company Act of 2001".
- 6 SEC. 2. FINDINGS AND PURPOSES.
- 7 (a) FINDINGS.—The Congress finds that—

- (1) the Public Utility Holding Company Act of 1935 was intended to facilitate the work of Federal and State regulators by placing certain constraints on the activities of holding company systems;
 - (2) developments since 1935, including changes in other regulation and in the electric and gas industries, have called into question the continued relevance of the model of regulation established by that Act;
 - (3) there is a continuing need for limited Federal and State regulation in order to ensure the rate protection of utility customers; and
 - (4) limited Federal regulation is necessary to supplement the work of State commissions for the continued rate protection of electric and gas utility customers.

(b) Purposes.—The purposes of this Act are—

(1) to eliminate unnecessary regulation, yet continue to provide for consumer protection by facilitating existing rate regulatory authority through improved Federal and State commission access to books and records of all companies in a holding company system, to the extent that such information is relevant to rates paid by utility customers, while af-

- fording companies the flexibility required to compete in the energy markets; and
- 3 (2) to address protection of electric and gas 4 utility customers by providing for Federal and State 5 access to books and records of all companies in a 6 holding company system that are relevant to utility 7 rates.
